The secret session to-day had under consideration and discussed at some length the nomination of General Batchelder, U. S. Army, to be Quartermaster-General. The nomination was confirmed, but not without vigorous opposition had been made by Senator Cockrell and other members of the minority of the Committee on Military Affairs.

The executive session was moved at an early hour because when an effort was made last week to have the nomination considered later in the afternoon, Mr. Cockrell raised the point of "No quorum" and threw the matter over.

The objections raised by Mr. Cockrell to the confirmation of the nomination were based entirely upon the fact that in promoting General Batchelder, the President "jumped" six other officers, five of whom will retire before General Batchelder.

The doors were reopened at 10 o'clock, and on motion of Mr. Teller Senate bill was passed authorizing the Secretary of the Interior to convey to the Rio Grande Cession River Company, which is in the State of Colorado (30,000 acres) in lieu of certain other lands in said State conveyed by the said company to the United States.

The consideration of the conference report on the Silver bill was resumed and Mr. Cockrell continued his argument. He criticised the last clause of the second section of the conference bill, and said that the language therein used indicated a preference for a single gold standard. The Secretary of the Treasury would so interpret it. Until party between the metals was established, gold would be given the preference, and the legal tender notes would be redeemed in gold.

In the House.

The conference report on the bill appropriating \$75,000 for the relief of Albert H. Emery was called up in the House to-day by Mr. Panjihar of New York. He demanded the previous question thereon. The previous question was ordered, and, yeas 109, nays 67, by unanimous vote of the House to-day the affirmative in order to move a reconsideration. On this vote ninety-two members were answered as present.

Panjihar moved to lay the motion to reconsider on the table.

Public Building Bill.

The House Committee on Public Buildings and Grounds to-day authorized favorable reports on the following public building bills: Corning, N. Y., \$50,000; Wausau, Wis., \$30,000; Palco, Tex., \$50,000; and Oakland, Cal., \$50,000. The bills have passed the House.

It Pays to Be Defeated.

Since his defeat at Governor Forsaker is making money. It seems to pay a man to be defeated for Governor in Ohio. By defeat Thurman served two terms in the Senate. General Hayes was made Minister to France, and is now a judge. Pendleton became Senator and Minister to Germany. General Thomas Ewing is a money-making lawyer of New York. Ex-Governor Hoddy is making, they say, \$50,000 a year, while his partner, Edgar M. Johnson, is doing well as well after being defeated for Lieutenant Governor in 1881 along with John W. Bookwalter, who has increased his millions and art collections since he was defeated by Foster. General T. E. Powell, defeated by Forsaker in 1887, is one of the most prosperous lawyers in Columbus. If Governor Campbell fails of reelection, he will not have a growing fortune which reaches toward the million.

The Globe Theater Case Dismissed.

The case against Roper & Nipper for keeping an unlicensed bar was dismissed this afternoon.

A Plausible Reason.

John—I've always wondered why they called that institution the "Globe and Mail."

Smith—Probably because the stock sells at drug store prices.

The most refreshing drink you can get is Richard Foster's Vienna Club Beer.

BIG FINANCIAL UNDERTAKING.

The Argentine Republic will issue \$100,000,000 of bonds to-day. Buenos Ayres, July 9.—An issue of bank notes to the amount of \$100,000,000 for the relief of the financial crisis has been authorized by the President of the Argentine Republic. Intense excitement has been created on the Bourse here by the rejection of the proposed sterling loan.

DISREGARDED ORDERS.

Lead to a Fatal Collision on a Georgia Railroad.

BIRMINGHAM, Ala., July 9.—Disregard of orders caused a collision between a freight and a passenger train on the Louisville and Nashville Railroad, forty miles south of this city, at 6 o'clock this morning. Five people were instantly killed, and a sixth fatally injured. The killed were Engineer John Green and John Webb of this city, Colored Fireman Jim Armstrong and Bob Wilson and a white pump man named "Parr." Ben Brown, colored, an extra fireman, was fatally injured. None of the passengers were killed, and so far as can be learned none were seriously injured. The passenger train had orders to take the siding at Clear Creek station for the extra freight. The order was not obeyed and a mile beyond the station the trains came together in a deep cut. Both engines were wrecked, and the freight train will take all day to clear the track.

USED HIS CLUB TOO FREELY.

Officer Davis' Conduct May Lead to His Dismissal from the Force.

Special Officer Henry Davis was on trial before Judge Miller to-day for using his black-jack pretty freely on William McIntyre. A crowd had gathered in front of Harris' Theatre on the Fourth of July to see a colored man arrested. Davis tried to disperse the crowd, and in doing so used his black-jack. He was in citizen clothes and did not have his badge displayed, and the crowd did not know on what authority he was acting until afterward.

The blows on McIntyre, testified that the officer was under the influence of liquor and much excited. He had not called there to assist in making the arrest, and was not in the locality where he acted as a special officer.

District Attorney Ames held that the Court ought to dismiss the case, and that Davis' conduct ought to be investigated. He had the evidence, it would be his duty to make an assault, and the defendant is dismissed.

Needle Aldermen Return from Exile.

New York, July 9.—Ex-Alderman De Lacey of the hoodle board of 1884 and Billy Maloney, the clerk of that board, returned to the city this morning from Montreal, and are at the District Attorney's office in consultation with the prosecuting officers with a view, it is said, of having the indictments against them dismissed. Judge Martine of the Court of General Sessions to-day was applied to by counsel for De Lacey and Maloney to fix bail on the indictments. The judge decided to release the hoodlers on bonds of \$40,000 each. These bonds were being prepared at noon.

Fatal Electric Storm.

EXETER, N.H., July 9.—A terrible electric and rain storm prevailed in this section yesterday afternoon. Lightning struck the residence of Daniel Munro, a prosperous farmer, residing here, and killed him. It struck the house of Joseph Watson, killed his hired man, Norman Davidson, and stunned Davidson's brother. The barn was burned, with eleven head of thoroughbred cattle.

Wisconsin May Repeal.

LONDON, July 9.—The Times' Berlin correspondent says that Baron Wiseman has intimated his purpose of resigning in the event of the government's adhering to the proposed changes in the administration of African affairs. He considers the policy sought to be pursued as being unbecomingly to his claims.

Governor Hill Declines.

ALBANY, N. Y., July 9.—Governor Hill has declined the invitation of the executive board of the Texas Bar Association to deliver the annual address before the body at Galveston on August 7th, next. In his letter the Governor says that official engagements will prevent so long an absence from the State as the trip to Galveston would necessitate.

Heading Shoe-Dealers Fail.

READING, July 9.—Charles M. Heilmann & Co., shoe-dealers of this city, have failed. Executions aggregating \$10,000 were issued against the firm and the sheriff closed the store. The firm formerly did business in Philadelphia, where they were burned out about a year ago. Since doing business in this city they have carried a large stock.

Cardinal Gibbons at Cape May.

BALTIMORE, Md., July 9.—Cardinal Gibbons, attended by Rev. Father Chapelle, pastor of St. Matthew's Church, Washington, has gone to Cape May. His Cardinalship was much benefited by his recent visit to Cape May that he proposes this time a ten-day stay.

Seven Hundred Persons Killed by a Cyclone.

MUSCAT, July 9.—A most destructive cyclone, resulting in an appalling loss of life, has swept over this portion of Arabia. Numerous villages were destroyed, and houses and plantations and 700 persons were killed.

Norwood Institute Reopening.

Norwood Institute reopens September 29 with increased faculty and many improvements. Mr. and Mrs. Cabell remain in the city most of the summer to perfect these arrangements.

Go to Atlantic City via R. & O.

The Reading and B. & O. is the only double-track route to Atlantic City. Special excursion rates, July 12, leaves R. & O. Station 3 p. m. Tickets, good three days, only \$1.50.

LETTER-CARRIERS' STRIKE.

Many Residents of London are Without Their Mail To-day.

LONDON, July 9.—The anticipated and dreaded strike of letter-carriers was inaugurated this morning when the men attached to the Central Post-office went out. Delegates had been instructed by the carriers to present their grievances to Postmaster-General Pennington, the receipt of a reply from that official the carriers of the Central office struck. Mail deliveries in the district heretofore served by the strikers have ceased.

When the delegation arrived at the office of the Postmaster-General they found that he was absent. They saw the sub-controller, however, and stated the demands of the men to him, but he informed the members of the delegation that he was powerless to reply on his own responsibility. The delegation informed the men of the result of their visit, and the carriers decided to resume work until they could receive a reply to their demands from Postmaster-General Toller.

The mail carriers of the Eastern Central Postoffice have gone out on strike. Excellent runs along White Chappin road and the head office of the district in all directions are patrolling the neighborhood and guarding the buildings.
